## The ES ROBBINS Advantage

### Total Quality

Smooth, durable rolling surface without soft spots.

### High Clarity

Allows you to see the beauty of the floor surface below.

### Crystal Edge

Provides clear, smooth transition to/from floor surfaces.

### Quick Ship

Our eight best selling Intermediate and Standard Series chairmats ship within 48 hours or the order is FREE. 80% of all orders are shipped complete within 96 hours.

### Variety

Four standard thicknesses, six standard shapes, Anchormats, hard floor mats, anti-static mats, folding mats, and more.

### Custom Made

For non-standard office layouts and furniture configurations. Custom orders ship in approximately ten days.

### Exclusive User-Friendly Cleat Systems

Revolutionary Anchorbar® cleat system replaces sharp cleats. Anchorpoints are user-friendly pin cleats that hold chairmat firmly in place.

### Innovation

Steady stream of new, exclusive chairmats, display systems, manufacturing processes and material compositions.

### Packaging Options

Choose from bulk pack, individual pack (clear polybag or corrugated) and roll pack (UPS shippable).

### Display Options

Metal, corrugated, pegable, free-standing

### Lifetime Guarantee

Chairmats will not crack or fail under normal use.

### Manufactured in the USA

All ES ROBBINS chairmats are manufactured in the United States.
